Junior Hi-Power Rifle program reboot!

It is time to restart the Junior Hi-Power Rifle program. The purpose of this program is to instruct young people in the safe handling and use of AR-style service rifles, and to prepare them to compete in hi-power service rifle competition. Members, it is time to get your teenage children and grandchildren involved in a structured rifle training program!

The club will supply all necessary equipment and ammunition. All junior participants must have a parent or guardian sign a liability release form. Participants must be physically capable of shooting a service rifle in the standing position. They must also possess the maturity to act responsibly at all times and to follow all range safety protocols. Senior hi-power rifle shooters are welcome to practice with our juniors. The club will not provide ammunition for seniors, but they are welcome to participate in this weekly event, when range space is available.

Weather permitting, we will have our first event on May 2nd at 5:00 PM. The program will run every Thursday at 5:00 PM through September. All shooting will take place on the club's Chatham 200-yard line. We look forward to your participation! For further information call John Ross at 216-952-0618.
